Dear disablists,

did you read about the girl with Down’s syndrome who was pushed to the ground? Or the man with a learning disability who was tormented so much he was driven to suicide? We did and it makes us sick. From now, if we see or hear your hate, we’re reporting you. We’re a caring nation, not a hating one. And we’re going to take away your ability to hurt people.

Yours, Scotland

Hate crime. Report it to stop it.
